Interior Door Collection

TDW veneer interior doors, made to measure

Every door we make is built in our workshop in Schongau, from cutting the log and making the veneer to fitting the hinges. Our three lines share the same workmanship and differ in how much you decide yourself. Start with the line that fits your project instead of planning every door from scratch.

ESSENTIAL	A set specification, shortest lead time
FLEX	Thicker sawn veneer planks and more choice of veneer
TAILORED	Every detail made to measure

Side by side

How the three lines compare.

	Essential	Flex	Tailored
DOOR LEAF	rift-sawn veneer panel	1.5 mm sawn veneer planks	made to measure cut, grade, width and layout of your choice
JAMB	split jamb thickness 45 mm / 1.8 inch	split jamb thickness 45 mm / 1.8 inch	split jamb where possible, otherwise custom
HINGES	Tectus 240, concealed, finish Rustic Umber SW156	Tectus 240, concealed, 3D-adjustable, choice of colours	type and colour of your choice
MAX. SIZE W × H	915 × 2440 mm 3 × 8 ft	1066 × 3050 mm 3.5 × 10 ft	1300 × 3900 mm 4.2 ft × 12.5 ft
LEAD TIME	8 weeks	10 weeks	16 weeks

Essential

Essential comes in a set specification in rift-sawn veneer. Leaf and jamb are cut from the same veneer so their colour matches. It is our fastest line.

DOOR LEAF

rift-sawn veneer panel

JAMB

split jamb in the same veneer as the leaf
two-part profile

HINGES

Tectus 240, fully concealed, 3D-adjustable
finish Rustic Umber SW156, 60 kg / two hinges

THICKNESS

45 mm

MAX SIZE W × H

900 × 3000 mm

LEAD TIME

8 weeks

Flex

Flex uses the same split jamb as Essential, with thicker sawn veneer planks and more freedom in choosing the veneer. It suits projects that need more flexibility in size.

DOOR LEAF

1.5 mm sawn veneer planks

JAMB

split jamb in the same veneer as the leaf
two-part profile

HINGES

Tectus 240, fully concealed, 3D-adjustable, choice of colours

THICKNESS

45 mm

MAX SIZE W × H

1000 × 3000 mm

LEAD TIME

10 weeks

Tailored

Tailored leaves every decision to you, starting with the look of the veneer. The jamb comes as our split jamb wherever possible or as a custom profile. Doors can rise well above standard ceiling height. Every Tailored door is built entirely to order.

DOOR LEAF

made to measure
cut, grade, width and layout of your choice

JAMB

split jamb where possible, otherwise custom.

HINGES

Type and colour of your choice

THICKNESS

to your specification

MAX SIZE W × H

1300 × 3900 mm

LEAD TIME

16 weeks

What we need from you

The more you decide, the more we need to know. A quote starts with a few details, the rest follows once you place your order.
